CHECKLIST FOR SAFE BIKING

Bicyclists must obey the same rules of the road that cars do. Stop at all stop signs and red lights. Use hand signals.

Wear reflective clothing when riding at night. Attach reflectors, such as the Quik Bunny Reflector, to bicycle and clothing. Install a headlight between the handlebars facing forward.

Pedestrians have the right-of-way. When you meet a pedestrian or cyclist head-on pass on the right. If you approach someone from behind, pass on the left.

Remember to be extra careful in bad weather. Handbrakes do not work well in the rain and it takes longer to stop on wet pavement. Ride slower than normal.

Keep your bicycle properly maintained. Take your bicycle to a bike shop at least once a year for a tune-up and safety check. Keep your chain oiled.
